

ORACLE CONSULTING CLOUD ARCHITECTURE AND ROADMAP SERVICE

To enable you to meet the benefits of Cloud Computing Oracle Consulting has developed a pragmatic, experience based method with 5 steps to accelerate your journey to Cloud Computing. Each step of the Cloud Services Framework enables you to Improve Agility, Increase Efficiency and Reduce Cost.

AT A GLANCE

- Make optimal use of your Oracle and IT investments
- Oracle Cloud experts can guide you as you move towards a Cloud Computing environment.
- Define the roadmap for cloud adoption (current state to future vision state)
- Provide a high level project plan
- Best practices in deployment of Cloud platforms
- Consistent reuse with common standardized best practices, tools, and methodologies
- Reduction in Project Risks by applying recommended architecture & design reviews
- Knowledge Transfer to build the required Cloud skill level in the organization

RELATED SERVICES

The following services are available from Oracle Consulting Services:

- Cloud Strategy Assessment
- Cloud Application Assessment Service
- Cloud Architecture Advisory Service
- Oracle Services for Engineered Systems
- Oracle Cloud Implementation Services
- Oracle Migration Factory Service

Architecture and Roadmap Service

Successful programmes begin by setting a clear vision, strategy and roadmap. The Consulting Cloud Services Framework contains the Roadmap phase to help define these in terms of the architecture and services that will be offered from the Cloud platform. During the Roadmap phase Oracle Consulting can assist you to:

1. Define your Cloud Strategy;
2. Assess the suitability of your applications for Cloud;
3. Define a roadmap to Cloud Computing.

The Oracle Consulting Cloud Architecture & Roadmap service defines a roadmap for the deployment of your cloud. After analyzing your Cloud Strategy and current IT environment, the entry points for each phase of the Framework are identified, and next steps and services are selected for your journey to Cloud. The costs and benefits may also be considered at this stage to assist with ROI calculations.

Scope of the offering

The goal of this service is to develop a pragmatic roadmap based on the desired business & technical goals and current IT state. During this service Oracle experts will work with you to:

- **Conduct a Current State Assessment:**
 - Determine the enterprise organizations impacted
 - Confirm governance and support frameworks
 - Define and establish an enterprise architecture team and organization
 - Identify and establish architecture principles
- **Conduct a Future Vision Definition:**
 - Identify stakeholders, concerns and business requirements
 - Evaluate business capabilities and assess readiness for business transformation
 - Define Scope for your future vision
 - Confirm and elaborate architecture principles, including business principles
 - Develop the future architecture vision
- **Conduct a Gap Analysis between your Current State and Future Vision:**
 - Perform gap analysis
